Welcome Address

Swami Nityarupananda

Secretary

Hon'ble Mr.Chairman and Respected Members,

On behalf of the Governing Body of Ramakrishna Vivekananda Mission Society and also on my personal behalf, I cordially welcome all of you to the 48th Annual General Meeting of the Mission Society here in the Holy name of Sri Sri Ramakrishna Paramahansa Dev, Ma Sarada and Swamiji.

Let me begin by paying the most deferential respect to Swami Nityananda Maharaj, the founder and the architect of the Ramakrishna Vivekananda Mission and Vivekananda Math. A great "Karmayogi", he established, almost single handedly, this Mission and this Math a little more than 48 years ago, fighting against all odds and meeting all challenges with exemplary courage and determination. Simultaneously, he was an equally great "sevayogi" too, who till his last breath, engaged himself in the task of eradication of the miseries and sufferings of helpless women and unfortunate disabled and distressed children. He is no longer in his earthly embodiment, but he continues to be an eternal source of inspiration to all of us. He was a follower of Great Swami Vivekananda. He left this mortal world with two unfulfilled dreams which we are trying to fulfil by the grace of Sri Sri Thakur-Ma and Swamiji-one is setting up a University at Agarpara Campus of this Mission and second is to build up a good relation with great Ramakrishna Mission and Math. Member will be happy to know that the Mission has been progressing steadily to fulfil both the dreams of Swami Nityananda by the grace of Holy Trinity.

Before I proceed any further, I have to share with you, the sad news of the demise of our valuable members Sri Sushil Bhattacharjee and Dr. Nirmalya Chakraborty who are much devoted member of the Society who have left this earthly world in the recent past. Today we are praying for peace into the Departed Soul at the Holy feet of Sri Sri Thakur - Ma - Swamiji. RKVM & V.Math through its various branch centres are trying to put into practice the message of Humanity and Harmony in all spheres of our life. Our valuable project for proposed Ramakrishna Paramahansa University will be an effective tool for engineering the message of harmony more widely in the field of Education. In the present scenario of intolerance among the people in the various fields of our society, is a big threat for steady progress of our Country and our global relation with other countries. "Many years before Swami Vivekananda realized this possible threat upon our people and advised us to follow the path of Harmony in all aspects of our life & work following the teachings of Bhagwan Sri Ramakrishna and Ma Sarada Devi which our proposed Ramakrishna Paramhansa University like to spread.

Now I submit the Annual Report on activities, performance, achievements and accounts of the Mission Society for the financial year 2023-2024 alongwith multiple relevant annexures that will provide various information about the Mission and elucidate points given in the text.

Members may kindly recall that the most fundamental object and goal of our Mission-as also the Math-is to serve mankind as our spiritual task of worshipping Shiva-in-Jiva in the needy, irrespective of caste, creed, colour and religions and wherever such persons are to be found. In trying to achieve the goal, our main thrusts are on educational front by imparting quality education from KG to PG, i.e. effort to spread quality education among young boys and girls, and on welfare front, i.e. effort to promote welfare of children, the old and the differently able girls and women. We are also mindful of the need to impart various types of skills - particularly technical skills - to groups of relatively senior boys and girls to enhance their employability. Moreover we have made substantial contribution in the field of Medical care and Relief work. Various statistical data furnished in different annexes to this report will indicate the extent of our success on these fronts. We are actually aware that there is no limit to progress and we can only try to reach the ever receding goals with a view to set an example in Society so that other people could also come forward to serve the humanity in their locality.

We are trying hard and promise to keep on trying harder and harder in days to come till the world attains peace through unity and spirituality.

1. Report on Relief Work rendered by the Mission:-

The following relief activities made especially for flood victims during heavy flood in Bihar, Assam and North India. Also distribution of winter garments was made during the financial year.

2. Let me now report our progress in some of the important welfare activities for destitute & Orphan Children.

Statistical information relating to welfare homes, educational institutions, medical units and financial positions will show that 1626 inmates including orphan/destitute children deaf, dumb, blind girls and women in distress were maintained free of charges in various welfare homes. The welfare homes are partly supported by the Social Welfare Department and Mass Education Department of the Government of West Bengal. We express our thanks to State Government for their continuous support.

In non-formal education sector, we have maintained 6 Pavement Schools that imparted education to 180 students between the age group 3 to 14 as a part of development of slum/street and red-light areas. In open shelter project we had 25 girl students. The Mission extended educational support to 199 financially weak students of the schools run by the Mission as concession in school and other fees. A JJ Home for 50 boys is functioning at Barrackpore to take residential care of orphan and neglected boys.

Our open shelter has been providing support to the Barrackpore Commissionerate as short stay home to girls rescued from vulnerable situation and immoral trafficking.

3. Our activities in education sector

There were in the year in question 18,512 students on the rolls of different educational institutions from KinderGarden to PostGraduation (KG to PG) standard under our Mission and Math. Out of them 9273 students are studying in our schools at Barrackpore under West Bengal Board of Secondary Education on nominal charges. It is a matter of great satisfaction for us that roll strength of the schools are increasing due good academic syllabus and academic atmosphere of the Mission. Some statistics given below will indicate our achievements in this sector. In our Higher Education units No. of beneficiaries comes at 944.

A short biographical picture of Sri Ramakrishna Paramhansa Dev, Sri Ma Sarada Devi and Swami Vivekananda

Sri Ramakrishna Paramhansa Dev (1836-1886)

Sri Ramakrishna was born of poor parents at village Kamarpukur in the district of Hooghly of West Bengal. His earlier name was Sri Gadadhar Chattopadhyay. Even in his very childhood, Gadadhar gave on many occasions, a clear evidence of divine inspiration and power through his thoughts and actions. While very young, he felt a keen urge to know if the Divine power of God manifests itself through everything on earth, particularly through the idols or images the Hindus generally worship.

At the age of seventeen, he was sent to his eldest brother at Kolkata where the latter conducted a Sanskrit academy. On being advised to join studies in keeping with the tradition of the Bramhins, he replied, "Brother, what shall I do with a mere bread winning education? I would rather acquire that wisdom which will illuminate my heart and in getting which, one is satisfied forever." Thereafter he was engaged as a priest in the Holy temple of Goddess Kali on the bank of the Ganges at Dakshineswar, 8 kilometers off towards the north of Kolkata, a city which was then full of western thoughts and more Europeanized than any other city in India. There he practiced in extreme austerity while performing daily worship in the temple of Kali and ultimately realized that God is the goal of human life and God is the only friend of all beings at all times and under all circumstances. Thereupon he wanted to know the Truth in other religions.

Towards the end of 1866, he got formally initiated into Islam. As a non-Hindu, he began to reside outside the precincts of the temple and started dressing and behaving like a devout Muslim reciting the namaz regularly. In 1874, i.e. after about 8 years, he

practiced Christianity imbibing all the teachings of Christ. Thus he tried all beliefs and traversed all different ways one by one. He realized that all the religions are equally true and there are different ways of getting to the truth of existence and everyone has the right to approach God in his or her own way. He said, "A lake has several ghats. At one, the Hindus take water in pitchers and call it "jal"; at another, the Mussalmans take water in leather bags and call it "pani". At the third, the Christians call it "water". Can we imagine that it is not "jal", but only "pani" or "water"? How ridiculous! The substance is one under different names, and everyone is seeking the same substance; only climate, temperament, and name create differences. Let each man follow his own path. If he sincerely and ardently wishes to know God, peace be unto him! He will surely realize Him.'

He expressed in very simple words, with the aid of stories and parables, the great truths he had realized. He was totally free of any dogma and bigotry and emphasized that there could be no claim to monopoly over spiritual matters. Naturally, great scholars and numerous spiritual aspirants, belonging to different sects, with genuine desire for god – realization, were attracted by his wonderful teachings. He did not claim any originality. But with great humility he could keep his audience spellbound for hours together with lucid talks and unfathomable wisdom. During the British rule, education was arranged in such a manner as to turn out men who would be English in taste and intellectual outlook. The shaken Hindu social culture with its spiritual foundation was at a critical juncture when the life and message of Sri Ramakrishna brought fresh strength into the Hindu Society. In fact, from the quiet abode at Dakshineswar he breathed life into Hinduism and ushered in an era of Hindu renaissance.

The great contribution of Sri Ramakrishna to the modern world is the harmony of religions. He preached equal regard for all faiths – "Sarvadharmasadbhava." He was the embodiment of renunciation and example of the complete conquest of lust and of desire for money. By his life Sri Ramakrishna teaches us that pride and power, wealth and glory, are nothing in comparison with the power of spirit. In fact, he was one of those rare beings, in whom the flame of spiritual life burnt so brightly that all who came near were able to share the illumination. Never before the mankind got such a unique personality with synthesis of Jnana, Yoga, Bhakti and Karma.

**Man suffers because God
is within Man; but Man
is not within God**

Shri Ramakrishna

Sri Saradamoni Devi (1853-1920)

Three miles from Kamarpukur is the village Joyrambati, in the district of Bankura, where Saradamoni Mukherjee was born. At the age of 23, Sri Ramakrishna married Sarada, 5 years old. On being questioned by Sri Ramakrishna, Sarada, on her first visit to Dakshineswar at the age of 19, replied without any reservation that she was not interested in a worldly life and would help him in his pursuit of God. A few days, thereafter, while massaging her husband's feet, Sarada wanted to know what he thought about her. In reply Ramakrishna said, "The divine Mother who is worshipped in the temple is verily the mother who has given birth to this body and who is now putting up in the music tower, and again it is she who is massaging my feet at the present moment, verily, I look upon you as a representation of the blissful Mother in human flesh."

Such behaviour of a husband towards his wife is not recorded anywhere in the history of mankind where the husband saw the divine mother in his wife and yet acted like a husband by allowing her to massage his feet. Thus the Holy couple lived together in a unique bond of love and devotion in the heights of God consciousness without a trace of worldliness. After her husband's demise, she could not wear the widow's garb, as she distinctly felt his continued presence with her and was the source of strength and inspiration in establishing and running the twin great organizations, Ramakrishna Math and Ramakrishna Mission at Belur in the district of Howrah (West Bengal). Gradually she became the Mother with great love and compassion for all creatures.

Swami Vivekananda (1863-1902)

Swami Vivekananda was born as Narendra Nath Dutta in a liberal and well-to-do family of Kolkata. As a boy, he used to spend long hours in a meditative pose and later on, had radical & modern thoughts. As a true rationalist he rebelled against the idea of accepting anything of faith. He desired to satisfy himself with reasons and evidences. No preaching or sermons were acceptable to him straightway. He met many religious leaders but none could convince him about the existence of God. He had become restless in search of truth when he came in contact with Sri Ramakrishna. Previously he did not believe that the individual and the supreme are identical but Sri Ramakrishna's teachings and careful handling made him realize the all pervasiveness of the 'Spirit.' Thus at the feet of a simple and almost illiterate Ramakrishna, the most intellectual humbled himself.

Swami Vivekananda became highly famous after his historic speech at the Parliament of Religions at Chicago in America in the year 1893. Through him the western world was enriched with a proper idea about the imperishable wealth of spiritual and cultural treasures of India. It is also truly held that the said Parliament is remembered because of Swami Vivekananda. The reasons of his universal popularity is to be traced to the fact that he tried to raise the dignity of man to the highest level and dedicated himself with great devotion to the service of the suffering humanity. His personality bled at the sight of human suffering. He declared that service to the poor, the illiterate, the ignorant; the afflicted is the highest religion. God is present in every 'jiva' and there is no other God besides that. The dignity of man was raised above everything else and he was emphatic on the point that one can find peace and prosperity by serving the suffering humanity more easily than offering tons of fruits and flowers at the holy altar of God. The example he gave was very simple. In our daily life, he said, we find a father is naturally

happy when his children are well taken care of. How can the Supreme Father be happy when tons of flowers and fruits are offered to Him in the temple but His children outside are starving or suffering from ailments? His mission was both national and international. Like Bhagiratha, he brought down the stream of spirituality from the height of Ramakrishna's life for the benefit of the mankind.

As a great lover of humanity, this patriot Saint of Modern India upheld the glory of India's ancient heritage and stressed upon the need for formulating all national programmes on the basis of spirituality. His "Lectures from Colombo to Almora" was the fountain-head of national inspiration to hundreds of freedom fighters of the country. He lived a short life of thirty nine years of which about a decade was spent in intensive social work including establishment of the great Math in the name of his Master at Belur (Howrah). Yet he left for posterity his four classics – Janna Yoga, Bhakti Yoga, Karma Yoga and Raja Yoga, all of which are outstanding treatises on Hindu philosophy.

It has been said that if Ramakrishna was the thought – Swami Vivekananda was the expression. Both the Master and the disciple revealed the spirit of Hinduism at its best and highest espousing at the same time that philosophy and not mythology and rituals was the very soul of every religion. It is because of mistaken attitude towards religion that different communities could not tolerate each other. The cardinal principle of Ramakrishna Movement is "Atmana mokshartham jagatddhitayachaa (the liberation of the self and the welfare of the world)". Swami Vivekananda showed how renunciation can go hand in hand with intense activity for the sake of others.

Lovers see this world as full of love and haters as full of hatred; fighters see nothing but strife and the peaceful nothing but peace. The perfect man sees nothing but God.

A background note on Ramakrishna Vivekananda Mission and Vivekananda Math

More than 175 years have passed since Swami Vivekananda, the great disciple of Sri Sri Ramakrishna left this mortal world. The thoughts and ideas, he has left behind, have attracted the attention and caught the imagination of people all over the world. The universal popularity which he enjoyed during his life is explained by the fact that he was a lover of man above anything else, a lover of the poor and the pariahs of our country. It is through service to those poor people that he wanted us to worship God first and then to go to a temple or a church. This, he thought would solve many of our basic problems like those of food, education, shelter etc. and also give us a great impetus in our religious pursuits. He had the utmost faith in the ability and efficiency of Indian youths and he wanted only one thousand young people to be dedicated and scarified at the Holy altar of our nation, our motherland, India, with a view to building up the nation and re-generating its vitality in all directions, particularly in the spiritual field not only for their own good but for the good of other nations as well. His dream of future India has not come true as yet. Hence the malady in all sphere of our society, spiritual as well as mundane.

The only God that Vivekananda wanted us to worship first is the Human Soul in the Human Body i.e. "WORSHIP SHIVA IN JIVA" before pursuing any other religious rites. But unfortunately, we have failed to follow his instructions. The Stone-God is still being fed abundantly in temples while the living Gods are dying of starvation on the street. Instead of worshipping Gods, Vivekananda meditated upon, we have made Vivekananda a God, additional to the existing ones and worship him well enough in his statues and temples. The poor and the pariahs have remained where they were before; they are still living in darkness and distress, in hunger and thirst, in slums and huts. We have only learnt how to spread about Vivekananda's teachings from the press and platform, through Radio and Televisions, without spending even an ounce of our energy or a penny from our earnings for the people for whom Vivekananda lived and died.

It is in this context that the Ramakrishna Vivekananda Mission came into being at the initiative of a band of young Sannyasis and Brahmacharis, devotees dedicated to the welfare of the poorest of the poor people of this country, with a view to realizing the Highest Truth in life through selfless service to the suffering humanity irrespective of caste, creed, religion and place of birth by a magnanimous leadership of great Karma Yogi Rev. Swami Nityananda Maharaj, the founder . The Mission came into existence on the 25th October, 1976, in a dilapidated building on the bank of the holy river Ganga at 7, Riverside Road, Barrackpore, district North 24 Parganas, West Bengal, India. It was registered as a society with effect from 1st November, 1976, under the West Bengal Societies Registration Act, 1961 and its actual work started from 1st January, 1977, with only 20 tribal boys from the districts of Birbhum and Bankura, accommodated in the new Welfare Home. Simultaneously a school was started on the grass with a fencing of hessian cloth, as dedication, and not fund, was the only resource available to the Mission.

Vivekananda Math was established in 1977, at 7, Riverside Road, Barrackpore and registered as a Trust in 1980, with a view to providing a platform for the truth-seeker to lead a life in conformity with the teachings of Sri Sri Ramakrishna. The Math prepares monastic workers in accordance with the guidelines laid down by Swami Vivekananda and arranges initiation (Diksha) of devotees. It is a place for preparing oneself in spiritual discipline while performing Missionary activities, in the centres set up and administered by Ramakrishna Vivekananda Mission and Vivekananda Math. In fact, the Math functions on the twin ideals of renunciation and service as emphasized by Swami Vivekananda.

The Trustees of the Math organize festivals on the occasions of birth days of Sri Ramakrishna, Sri Ma Sarada Devi, Swami Vivekananda and other direct disciples of Sri Ramakrishna and Lord Buddha, Janmastami, X-mas, Durga Puja, Laxmi Puja, Kali Puja, Viswakarma Puja and Saraswati Puja etc. Every Ekadashi day Ramnama Kirtan is also arranged. At all temples at different Mission and Math centres daily prayer and worship is a must.

Apart from the temple of Sri Sri Ramakrishna at Barrackpore, the proudest possession of Vivekananda Math is the Naranarayan Mandir at Joyrambati. Just as a “Kumari” is worshipped during the Durga Puja, a boy not exceeding the age of 8 years is worshipped daily at the ‘Naranarayan Mandir’. Any devotee is welcome to perform this puja at a cost as desired by him. This sort of non-traditional puja which serves a poor boy and brings joy to him along with some material benefit, is sure to enrich the devotee spiritually. In fact, this is meant to give a practical shape of Swami Vivekananda’s idea of God Worship in Man (Shiva in Jiva). Said Swamiji, “If in this world one can bring a little joy and peace even for a day into the heart of a single person that much alone is true: all else is mere moonshine”.

Ramakrishna Vivekananda Mission is a registered society and Vivekananda Math is a registered Trust. The respective ownership, management and control of the Mission and the Math have been entirely vested with the Governing Body of the former and the Board of Trustees of the latter. The Governing Body of the Mission consists of both monastic and non-monastic members but the Trustees of the Vivekananda Math are all monastic members. Both organizations have their headquarters at Barrackpore and people in general, link the name of the Mission with all activities of the Math as well. Both the Mission and the Math have separate funds with separate accounts. In addition to donations from individuals and non-official organizations, the Mission receives financial assistance from the Government. The accounts of the Mission are annually audited by auditors selected in the Annual General Meeting of the Mission Society. The Math fund, however, depends on donations mainly from disciples and non-official sources.

In this connection it is stated that the Ramakrishna Vivekananda Mission and the Vivekananda Math at Barrackpore and their branch centres are legally and constitutionally separate from the great organizations viz. Ramakrishna Math and Ramakrishna Mission at Belur (Howrah) and Sarada Math and Ramakrishna Sarada Mission at Dakshineswar (North 24 Parganas) and their branches throughout the country and abroad.

They alone live who live for Others; rest are more dead than alive.

NEW BUILDING OF SARADA MA GIRLS' COLLEGE A FITTING TRIBUTE TO MA SARADA DEVI, SAYS THE PRESIDENT

Rashtrapati Bhavan : 02.04.2015

The President of India, Shri Pranab Mukherjee inaugurated the new building of Sarada Ma Girls' College run by Barrackpore Ramakrishna Vivekananda Mission today (April 2, 2015) at Barasat, North 24 Parganas in West Bengal.

Speaking on the occasion, the President said the new building of the Sarada Ma Girls' College is a fitting tribute to the immortal ideas of Shri Ramakrishna and Ma Sarada Devi who tried to educate people throughout their lives. Shri Ramakrishna and his great disciple Swami Vivekananda continue to inspire us even today. Ma Sarada Devi played an important role in the growth of the Ramakrishna Movement. Her words, *"Learn to make the whole world your own"*, are so simple, yet so profound as they show the way to address the many problems and challenges that we face in today's world.

The President offered his profound respects to Swami Nityananda Maharaj, the founder of Ramakrishna Vivekananda Mission, who left for his heavenly abode on 5th January, 2014. The President said Swami Nityananda dedicated his life to the welfare of weaker sections, especially underprivileged children. With the passing away of Swami Nityananda Maharaj, not only has the Mission lost its Founding Father – not only have the Members of the Organisation lost a great mentor and guide, but he, too, lost a valued friend.

The President extended his best wishes to the Ramakrishna Vivekananda Mission and through it, to all its Members and staff for the success of their efforts in service to society and all their future endeavours. He lauded the Ramakrishna Vivekananda Mission, with its large network of branches in West Bengal, Bihar, Jharkhand, Uttar Pradesh, Madhya Pradesh and Chhattisgarh, for providing primary education to almost fifteen thousand boys and girls in schools across the country. He pointed out that numerous Welfare Homes run by the Mission are providing shelter and hope to orphans and destitute children, differently-abled girls and distressed women.

RAMAKRISHNA VIVEKANANDA MISSION

Significance of Emblem

The Mission bears the Holy names of the Great Master, Sri Sri Ramakrishna and his disciple & “Alterego” Swami Vivekananda. The Emblem is, therefore formed with their pictures.

Words “মানুষের মধ্যে” under the picture of the Great Master are from Srimat Bhagabat Geeta in which Lord Krishna urges Arjuna to remember him constantly and also to work (fight).

Said Sri Ramakrishna, “God has given you two hands, work for your family with one hand and worship the Lord with the other through Jnana, Karma, Bhakti and/or Yoga as may be expedient to you, so that you may reach God when the life in this world is over.”

Words “SERVE GOD IN MAN” under the picture of Swami Vivekananda indicates briefly the whole philosophy of Swami Vivekananda, which, in his language, is called practical Vedanta or Vedanta philosophy in practice.
